BUILDING SCHOOL PRIDE AT HEATHERHILL PRIMARY

Students at Heatherhill Primary School will soon have a new flagpole to fly the Aboriginal flag, thanks to support from the Andrews Labor Government.

Member for Keysborough Martin Pakula today announced that the school – which already flies the Australian flag – will receive \$1,300 for a second pole.

There are now more than 1,200 school upgrades underway across Victoria thanks to the Labor Government's unprecedented \$2.8 billion investment in school infrastructure as part of the Education State.

There are also now 64 new schools projects in the construction pipeline, creating more than 5,000 construction jobs.

For further information about the Labor Government's record school construction and upgrade program visit the Victorian School Building Authority website: www.schoolbuildings.vic.gov.au

Quotes attributable to Member for Keysborough Martin Pakula

"This funding will help ensure that Heatherhill Primary School can continue to celebrate Aboriginal culture."

"We're making this investment to bring the community together and ensure families can be proud of their local school."
